Spa Vinothérapie™

Our history

Caudalie invents the Vinothérapie™ Spa

In 1999, while we were walking around the land at Château Smith Haut Lafitte in Bordeaux, we imagined a place where time stands still: the very first Vinothérapie™ Spa.

Nestled in the heart of the vines, this haven of peace has been built in wood and stone, inspired by the old tobacco drying barns in the South-West of France, and is bathed in natural light.

We have combined hot spring water, drawn from a depth of 540 metres, with the exceptional benefits of grapes and the vine. This combination has resulted in highly effective treatments that are a delight for the senses. They include Premier Cru, Vinoperfect, Resveratrol-Lift and facials, energising or relaxing massages, Crushed Cabernet Scrub, Barrel Bath, and so on.

It is a place where the senses awaken, bodies relax, and spirits are restored.

Welcome to the Caudalie Spa world.
